Dear Warwick

Economic evaluation and modelling review work

Now that the economic evaluation and modelling review work is coming to a close, I thought I would take this opportunity to thank you for the sterling work you have undertaken for Hutt City Council on economic benefits of the cross valley link.

Your expertise was invaluable in helping set the work programme required, assessing the economic benefits of network resilience, and critically assessing often very complicated evaluation and modelling analysis undertaken by other specialists. We have been impressed by your professionalism through the project.

We will be keeping this letter on file for future reference.

Yours sincerely

Ron Muir
Divisional Manager Road & Traffic
