Dear Warwick

On behalf of H G Leach & Company Ltd I would like to thank you for your professionalism and expertise in assisting us to successfully establish an aggregate transport operation to barge aggregate from Kopu in the Firth of Thames to Auckland. Without your help we would not have been able to implement this alternative to roading project and importantly we would not have secured the Alternative to Roding subsidy from Land Transport New Zealand, crucial to setting up the project.

We are pleased to report that the project is growing from strength to strength and appears that it will continue to operate well into the future. We would have no hesitation in recommending Warwick Walbran Consulting Limited to prospective clients and we would be happy to act as referee on your behalf. Please don't hesitate to refer any of your prospective clients to Eric Souchon, Managing Director, HG Leach & Co. Ltd by email at erics@hgleach.co.nz or by telephone on 07-862 8727.

Thank you again and we look forward to working with you again in future.

Yours faithfully

For and on behalf of:
